Samantha,

As a follow-up to our conversation, the following is the information from the CDC that I referenced.  
<https://www.cdc.gov/coronavirus/2019-ncov/vaccines/recommendations/pregnancy.html>

Best,  
Steve

Thank you, Steve. I'll also need a written follow up of next steps and why my initial request was not sufficient so i can appropriately follow up.

Samantha,

As we discussed, the note you submitted indicates that your doctor supports your decision to delay vaccination. The committee is requesting additional supporting documentation from your doctor that indicates that your doctor is directing you to not get the vaccine and why. .  
Steve
